CUMULATIVE INDEX

The contents of all issues from 1941 through 1965 are indexed alphabetically under Subject (Part 1) and Author (Part 2) entries.

In searching for a specific article or topic, the Author entry should be consulted if the name of the author is known, since the complete bibliographic reference is to be found after the author's name only. When there are two or more authors of an article or topic the complete entry as shown appears under the name of both authors.

The titles under the subject entries are often inverted or shortened. The Subject index covers original articles, abstracts, discussions, book reviews, and "In Memoriam" notices.

S indicates a symposium; A, an abstract.

Compiled by NORMAN J. LEVY, M.D.
